

PeopleOps Office Equipment Catalogue

Powered by Jobrole Consulting Limited

Welcome to PeopleOps

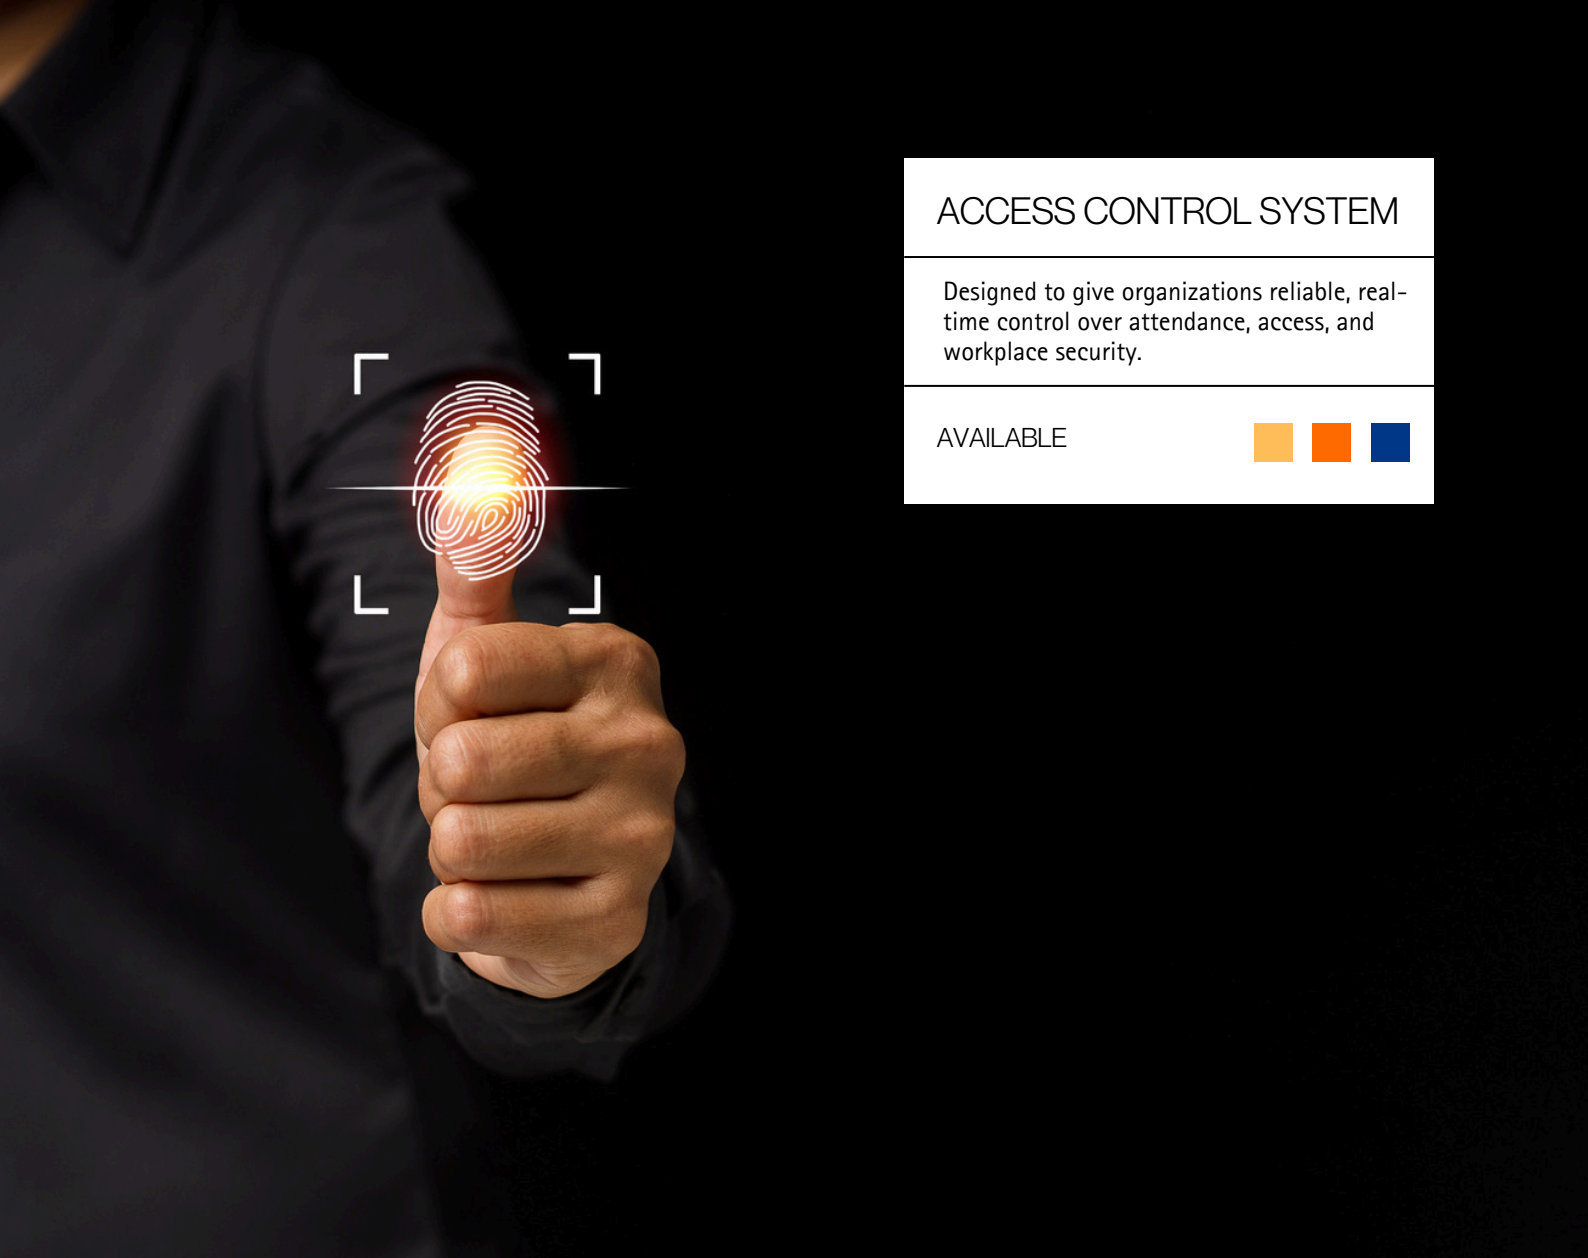

At Jobrole Consulting, we created PeopleOps to give organizations the right tools to power productivity, security, and workplace wellness. PeopleOps is more than equipment, it's a complete office solutions suite designed to help businesses run smarter, safer, and more efficiently.

From biometric & access control systems that secure your workplace, to ergonomic wellness tools that keep teams healthy, to ID solutions, training equipment, and bundled HR setup kits, PeopleOps is built to support the modern world of work. Whether you're a startup setting up your first office, a compliance driven company, or a growing organization focused on employee well-being, PeopleOps delivers the right mix of innovation and practicality to make your workplace thrive.

Explore this catalogue and see how PeopleOps equips your people, empowers your processes, and elevates your performance.

@JOBROLENG.COM

ACCESS CONTROL SYSTEM

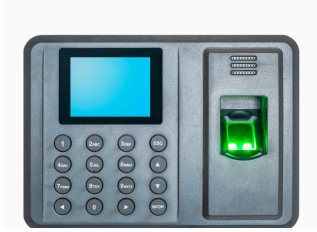

Designed to give organizations reliable, real-time control over attendance, access, and workplace security.

AVAILABLE

Biometric & Access Control Systems

Our Biometric & Access Control Systems are designed to help organizations secure their facilities while simplifying workforce management, combining advanced fingerprint and facial recognition devices with RFID door access technology to ensure only authorized individuals gain entry, eliminate time theft and buddy-punching in attendance records, provide HR teams with accurate, real-time data for compliance and performance tracking, and ultimately create a safer, more accountable, and more efficient workplace where people and assets are always protected.

FINGERPRINT ATTENDANCE DEVICES

Capture employee clock-ins with precision, ensuring accurate timekeeping and eliminating fraudulent attendance practices.

FACIAL RECOGNITION DEVICES

Provide fast, touchless identification for secure and hygienic workplace access.

RFID DOOR ACCESS SYSTEMS

Allow authorized staff entry with RFID cards or tags, improving security and access control efficiency.

BIOMETRIC TIME & ATTENDANCE TERMINALS

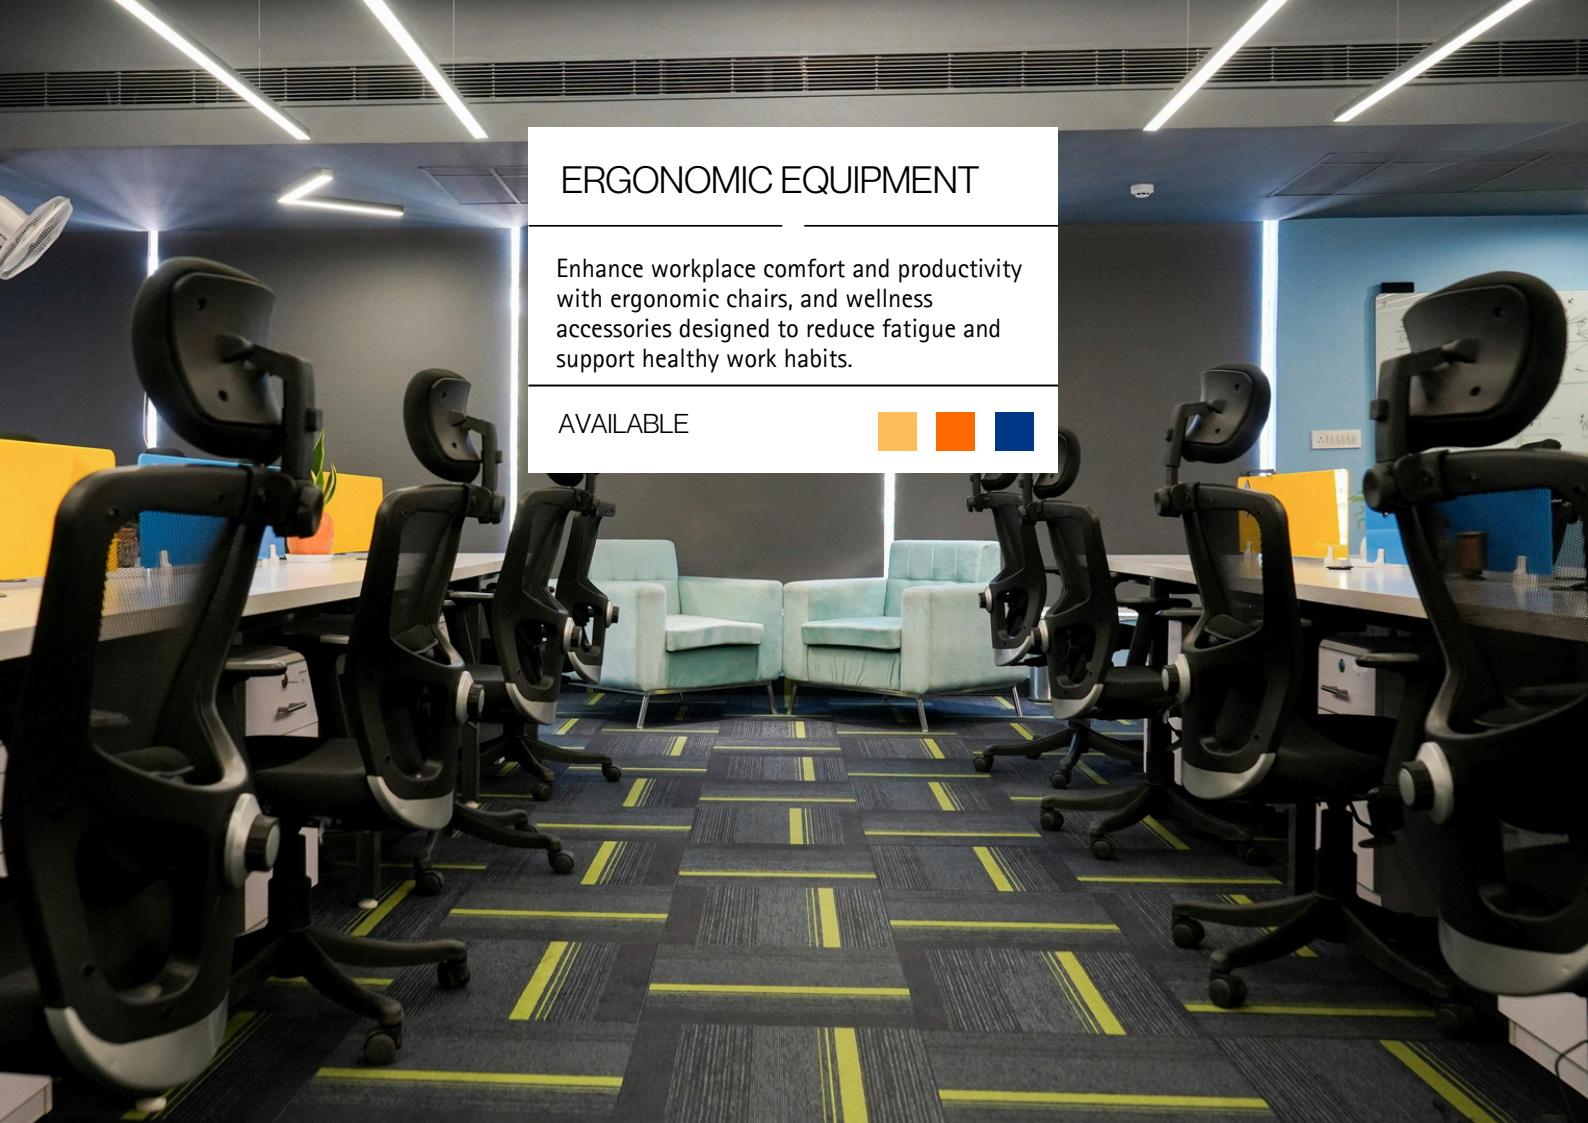

Combine multiple verification modes (fingerprint, facial, card) for flexible workforce management.

ACCESS CARDS & RFID TAGS

Durable, easy-to-program cards and tags for daily staff or visitor use.

ERGONOMIC EQUIPMENT

Enhance workplace comfort and productivity with ergonomic chairs, and wellness accessories designed to reduce fatigue and support healthy work habits.

AVAILABLE

Ergonomic & Office Wellness Equipment

Our Ergonomic & Office Wellness Equipment is designed to reduce fatigue, prevent workplace injuries, and create healthier environments where employees can thrive. From ergonomic chairs that provide full back and lumbar support, to standing desks that encourage movement and flexibility, and anti-fatigue mats that ease the strain of prolonged standing, every item in this range is built to improve posture, circulation, and overall well-being.

Beyond furniture, we also provide monitor stands, laptop risers, wrist supports, and footrests, ensuring that even the smallest details of the workstation contribute to comfort and efficiency. By investing in wellness-focused solutions, organizations not only improve employee health but also boost morale, productivity, and long-term engagement. With PeopleOps ergonomic solutions, your office becomes more than just a workplace, it becomes a healthier, happier space where people perform at their best.

ERGONOMIC OFFICE CHAIRS

Adjustable chairs that support posture, reduce strain, and improve long-term comfort at work.

STANDING DESKS

Height-adjustable desks that encourage movement and help reduce sedentary health risks.

ANTI-FATIGUE MATS

Cushioned floor mats that minimize leg and back strain during long standing hours.

MONITOR STANDS & LAPTOP RISERS

Raise screens to eye level for better posture and reduced neck strain.

WRIST SUPPORTS

Compact accessories that improve circulation and reduce typing-related fatigue.

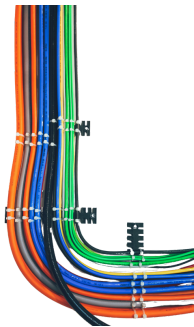

FOOTRESTS SUPPORTS

Compact accessories that improve circulation and reduce typing-related fatigue.

DESK CONVERTERS

Sit-stand platforms that turn any desk into an adjustable workspace.

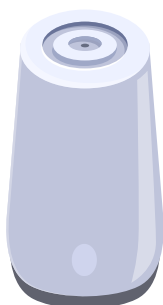

CABLE MANAGEMENT TOOLS

Organize cables and cords to reduce clutter and enhance safety around workstations.

NOISE-CANCELING PANELS & DESK DIVIDERS

Provide privacy and reduce noise distractions, creating a calmer and more productive office environment.

PORTABLE AIR PURIFIERS & HUMIDIFIERS

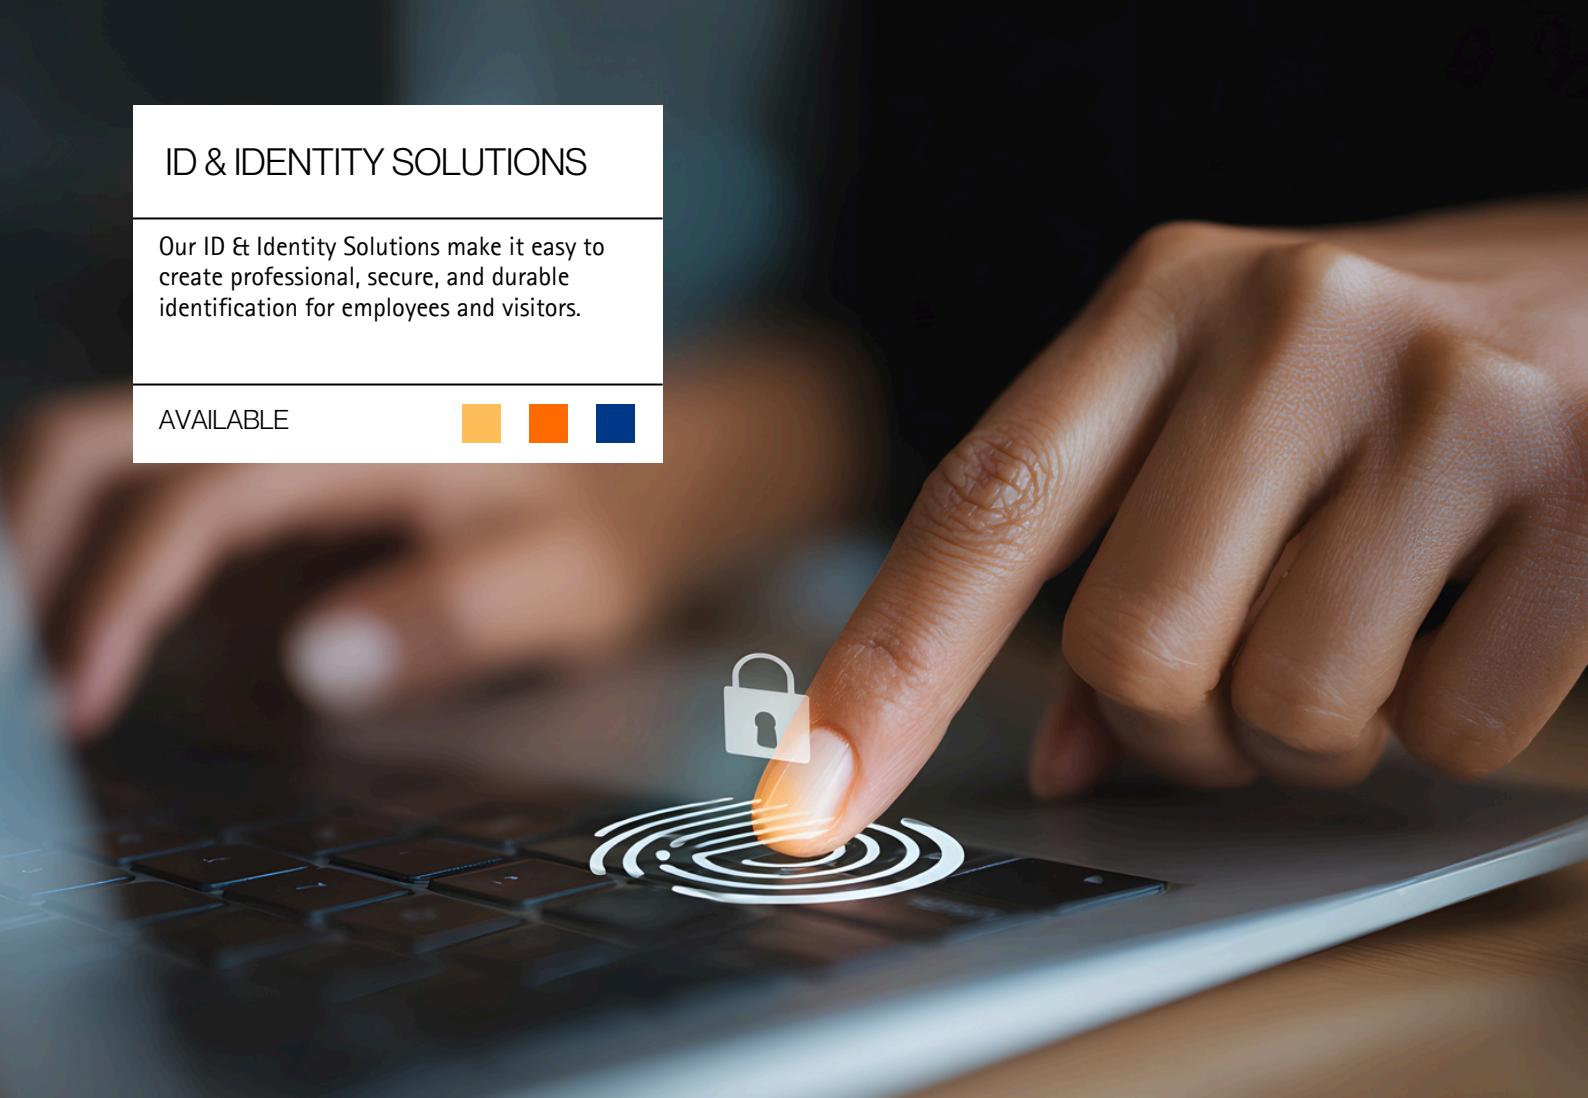

Improve indoor air quality for a healthier, more comfortable office environment.

ID & IDENTITY SOLUTIONS

Our ID & Identity Solutions make it easy to create professional, secure, and durable identification for employees and visitors.

AVAILABLE

ID & Identity Solutions

In today's workplace, professional identity management is more than just issuing cards, it's about security, branding, and efficiency. Our ID & Identity Solutions make it easy to create professional, secure, and durable identification for employees and visitors. From ID card printers, laminators, and PVC cards to lanyards, badge holders, and smart cards, we provide everything your organization needs to manage identity with efficiency and style. Whether for everyday staff use or visitor management, these solutions ensure proper identification, stronger security, and a polished corporate image.

ID CARD PRINTERS

Print high-quality, customizable employee or visitor ID cards on demand.

CARD LAMINATORS & EMBOSSERS

Protect and personalize ID cards for durability and professionalism.

PVC ID CARDS AND LANYARDS & BADGE REELS

Blank, durable cards ready for printing or encoding.

ACCESS CARD HOLDERS

Keep cards visible and protected against wear and tear.

VISITOR ID KITS

Temporary passes and supplies for managing guest access.

TRAINING & PRESENTATION

Equip your team with projectors, smart boards, flipcharts, and mini-PA systems that make training, meetings, and presentations seamless and engaging.

AVAILABLE

Training & Presentation Tools

Effective communication drives learning and collaboration, and our Training & Presentation Tools are designed to make every session engaging and impactful. From projectors and smart boards for dynamic presentations, to flipcharts, whiteboards, and laser pointers for interactive discussions, we provide the essentials that keep teams focused and connected. For larger gatherings, mini-PA systems with wireless microphones ensure every voice is heard clearly. Whether it's a training room, boardroom, or workshop, PeopleOps tools help organizations deliver professional, seamless, and memorable presentations.

INTERACTIVE SMART BOARDS

Touch enabled boards for dynamic and collaborative presentations.

PROJECTORS AND SCREENS

High-resolution display systems ideal for training, meetings, and events.

FLIPCHARTS & WHITEBOARDS

Simple, reusable tools for brainstorming and team discussions.

MINI PA SYSTEMS

Compact sound systems with microphones for clear communication in workshops.

LASER POINTERS & REMOTES

Handy tools for smooth, professional presentations.

HR OFFICE SETUP KITS

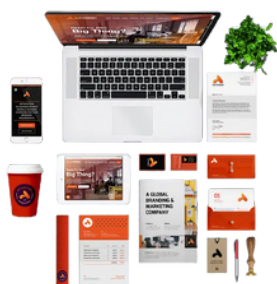

Equip your team with projectors, smart boards, flipcharts, and mini-PA systems that make training, meetings, and presentations seamless and engaging.
